Colour & Design Guide

Inspired by Nature. Engineered for Living.

A benchtop is much more than just a showpiece; it's a place for socialising, cooking, sharing and living. That's why Essastone® is engineered to guard against staining, scratching and citrus acid marks, making it quick and easy to clean. Made in Europe from up to 95% natural quartz, every Essastone engineered stone slab is backed by an exceptional 15 year limited warranty.

The high content of natural quartz makes Essastone remarkably resilient and virtually maintenance-free. Essastone is scratch and stain resistant, however no surface, including Essastone, is indestructible. Following the care and maintenance guidelines will help you keep your Essastone surfaces looking great.

Whites—colour schemes

Scheme—1

A fresh modern look defined by an architectural white in both benchtop and cabinetry. Depth and texture is added by the introduction of this woodgrain.

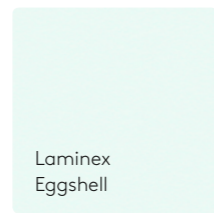

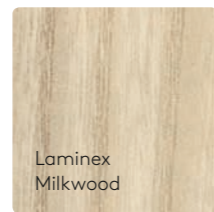

Scheme—3

A classic palette that works across all cabinetry. The subtle and timeless small aggregate in this Essastone will allow layering texture and colour in complementary décor and soft furnishings.

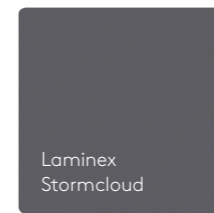

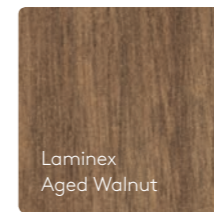

Scheme—2

Love the Scandinavian look? Start with this simple white benchtop and milky timber then complete the look by adding a pop of colour to a feature area.

Scheme—4

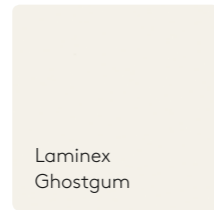

For a clean, modern look combine this super white benchtop with the warm tones of Walnut and the rich contrast of grey.

Whites—colour schemes

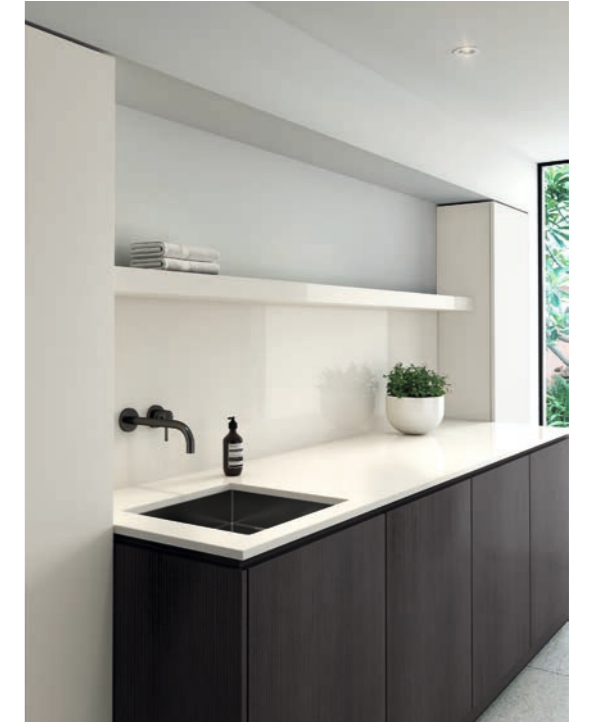

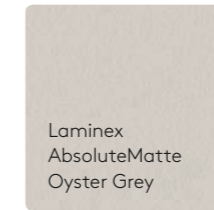

Scheme—5

Create the perfect rustic palette. Use this highly textured timber to give a sense of history, supported by this light grey in the cabinetry. The larger aggregate in the Essastone benchtop will enhance the rustic look.

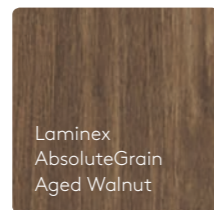

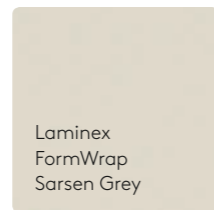

Scheme—7

Love a little luxury and texture? Choose this deep rich timber and soft warm grey for your cabinetry. Lift the architectural look by introducing this warmer Essastone white for the benchtop.

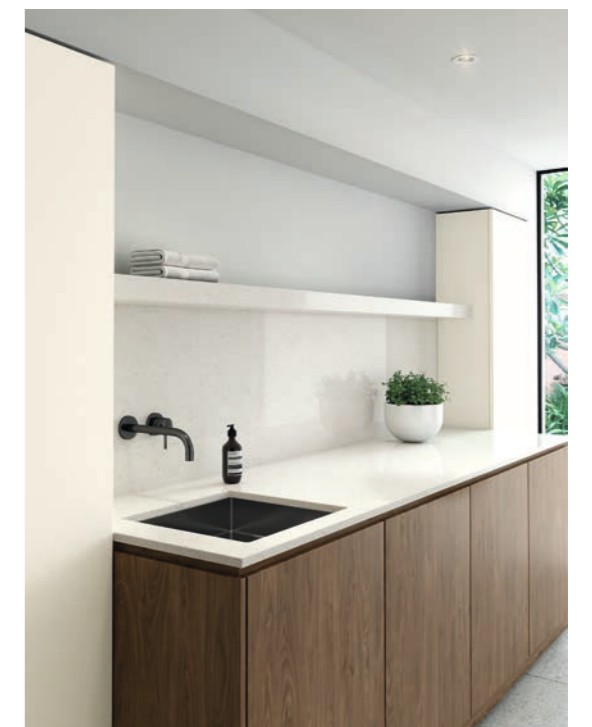

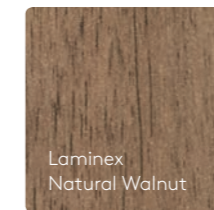

Scheme—6

Not all industrial palettes need to be dark and moody. This warm white benchtop and light grey cabinets create a slightly more contemporary industrial palette and depth is added by the introduction of this mid-tone timber.

Scheme—8

Off white cabinetry perfectly complements the base-tone of this benchtop colour. The stone aggregate colour compliments the walnut to create a vintage inspired look.

Designer Tip—Allow the vein in the marble to be the hero element; use a complementary palette to support the feature detail in the vein.

Minerals—colour schemes

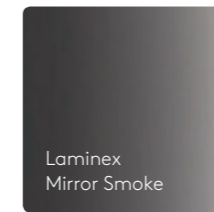

Scheme—28

For a clean, crisp natural palette introduce this light grey and mid-toned timber. This cabinetry is perfectly reflected in the tones of this Essastone benchtop for a simple yet stunning look.

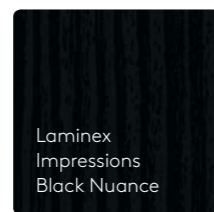

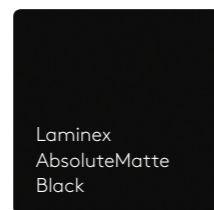

Scheme—30

Bring a little piece of New York to your house or apartment. Rich in tone but elevated with a little splash of mirror finish, this palette will create that perfect glamour look.

Scheme—29

The perfect blend of blacks, defined by texture and subtle tonal changes. This palette will create a dramatic statement in any space.

Scheme—31

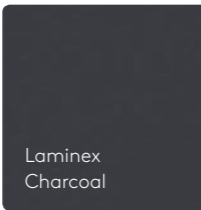

A dark, modern, moody scheme. The grey timbergrain in the overhead cabinetry brings out the grey aggregate detail found in Essastone Lava Black. The simple black under bench cabinetry rounds out and completes this space.

Minerals—colour schemes

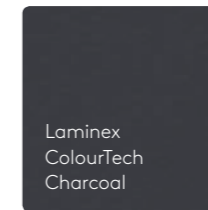

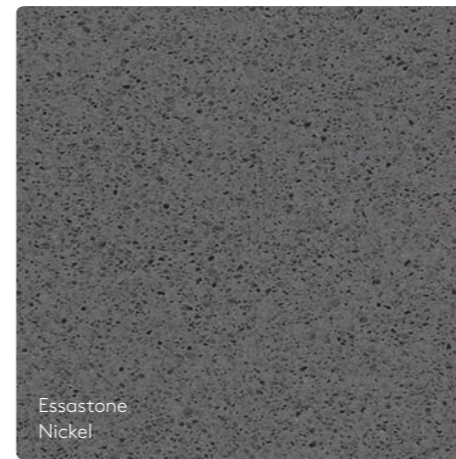

Scheme—32

For those who like a simple contemporary scheme but want to push the boundaries a little, the introduction of Charcoal against the light grey benchtop and cabinetry creates a level of sophistication that still remains very inviting.

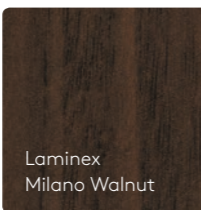

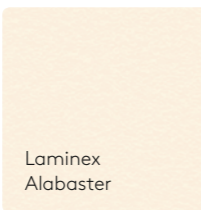

Scheme—34

This warehouse inspired palette is rich in feeling but works really well with many colours and textures allowing it to be flexible in its placement.

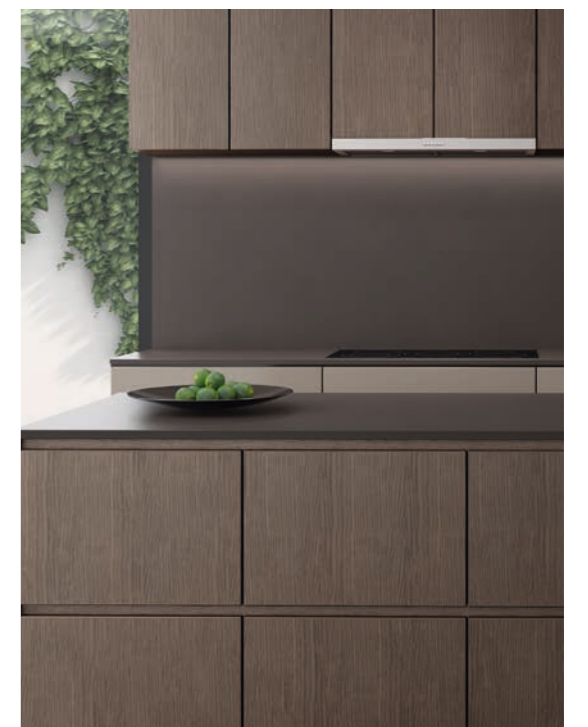

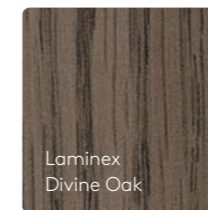

Scheme—33

The larger aggregate pieces in this Essastone colour are supported by this slightly yellow toned neutral and classic vintage timber which will blend perfectly with furniture tones in any space.

Scheme—35

Browns can create a beautiful palette for those who don't fancy a grey based scheme. Slight tonal changes and texture make this an inviting scheme in any area.

Finishes

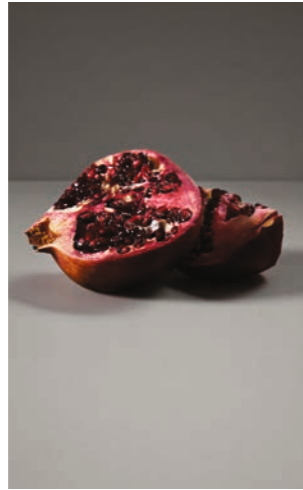

Essastone is available in a wide variety of finishes from a highly polished gloss, to our unique weathered finish. Finish options vary by colour as indicated throughout this brochure. Matte, honed, weathered and igneous finishes have the same durability characteristics as Essastone gloss finish, but may need to be cleaned more often to keep them free from fingerprints and marks.

Gloss

Finely polished to an ultra-smooth, highly reflective finish that intensifies the colour of the stone.

Matte/Honed

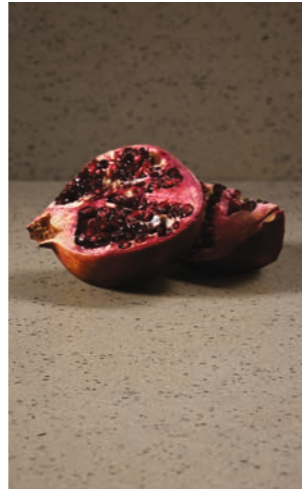

A smooth and even matte finish, pleasing to the touch and with minimal reflection.

Weathered

Shallow dimples, ripples and creases develop during the unique production process to create the appearance of a concrete slab weathered by the elements.

Igneous

An innovative matte finish with small areas of slightly higher gloss and a slightly uneven sub texture that produces a natural feel.

Applications

Essastone can be used in a range of commercial and residential applications, including kitchen benchtops, bathroom vanities, splashbacks, tables and wall cladding.

Edge profiles

Essastone can be fabricated with a wide range of edge profiles. Your kitchen designer, or Essastone fabricator will be able to recommend the most suitable edge profile for your project.

Easy care

The high content of natural quartz makes Essastone remarkably resilient and virtually maintenance-free. Maintain the surface appearance by using Essastone surface spray cleaner, available from [essastone.com.au](https://www.essastone.com.au). For information on how to keep your Essastone surface looking beautiful, view the care and maintenance brochure at [essastone.com.au](https://www.essastone.com.au)

Essastone benchtops are more than a showpiece, they're the central point of your home – a place for family and friends to gather for years to come.

Essastone has a network of Certified Fabricators around Australia to fabricate and install your new surfaces. For the location of your closest Essastone display or for technical information visit essastone.com.au
