- Standard door thickness is 18mm. 16mm also available based on the available colours and finishes shown on brochure.
- All woodgrains to run vertically (unless specified as above to run horizontally).
- Each of the boxes on each line must show the edge treatment required on the sides, tops and bottoms of doors.
- Note: End panels for pantries should be benchtop plus 3mm.
- All standard colours are available in both square edge or reverse bevelled edge profiles in their corresponding available finishes.
- Double-sided AbsoluteMatte and AbsoluteGloss finishes will attract a higher price and longer lead times.

Special orders:

- SOE colours listed are available in 16mm only, based on the national stocked availability BUT not available in reverse bevelled edge profile.
- Special order colours attract a longer lead-time and may attract a surcharge.

Hinge Hole Drillings:

Select hinge hole type and drilling specification. Hinge Type: _____

Other, specify the distance from top and bottom (to hole centre): _____

*If Hinge drilling is required, please select the edge and number of hinge holes for each line, including clarification on Standard (STD) or Bi-Fold (Bi-F) hinge option. Specify hinge distance in the Details field on each line, or provide details in the Distance field above. For specialised hinge drilling, please attach information to the email that is created when you click the Send order by email button to submit the order to Laminex.

Additional Edging

1mm ABS edging: 2mm ABS edging: Colour: _____ Qty (lineal meters): _____
